COMMISSIONERS' REPORT

To the Citizens of Grafton County:

Agreeable to the laws of the State of New Hampshire we submit the following report for your consideration and information, together with the reports of the Superintendent of the County Farm, Physician, Chaplain, Treasurer, Solicitor, Sheriff, Jailer, Clerk of the Supreme Court and Auditors.

The permanent improvements at the County Farm the past year have been the putting in new timbers and finishing off basement under the old horse barn, making a safe and convenient place for the housing of all farming tools and finishing off shed into a slaughter house for the use of the farm.

Owing to the crowded condition of the insane house two more rooms have been finished in the attic. There can be two or three more rooms finished, but if there is not some change it looks as though it would be only a few years before the present building would not accommodate the Grafton County insane.

At the present time we have one hundred and twelve head of cattle, seventy-seven cows for dairy and fattening purposes and thirty-six head of young cattle. All beef and pork used at the farm is fattened there both summer and winter and quite a sum received for the surplus sold each year. By doing this way we are sure of having good fresh, healthy meat for the institution. The cost of supporting paupers off and at the farm is less than last year and that can easily be accounted for off the farm because the times have been such that all who were willing to labor could find employment and at the farm the boarding of prisoners

at the price established and labor of those in the House of Correction helped lessen the average cost per week at the institution.

By a vote of Grafton County Convention, the Commissioners were instructed to pay the town of Lebanon three thousand dollars, when a court room was finished according to plans laid before the Convention and chose a committee consisting of G. T. Cruft of Bethlehem and H. M. Turner of Wentworth to act with the Commissioners, on accepting the same when finished. By request of the selectmen of Lebanon the court room being completed, the committee and Commissioners met at Lebanon on December 19 and were much pleased with the finish, lighting and convenience of the rooms and were unanimous in their approval and acceptance of the court room and the Commissioners paid the sum authorized for the same to the town.

Though there was no appropriation in the amount raised for the different expenses of the County, for Lebanon court room, as the Commissioners were authorized to borrow the same if necessary, we are happy to report to the taxpayers of the County that not only has the court room been paid for, but the annual bond of three thousand dollars and interest taken up and the liabilities above the assets brought down, as will be seen by the Treasurer's report, to \$546.

The Commissioners have contracted with J. B. Corwell & Co., of New York, to place steel roller shelves and cabinets in Register of Deeds office by January 14 of the present year, which according to contract will be done before this report is received by the tax payers of the County.

All buildings at the farm are in good repair and have been newly painted this year, excepting the old barn on the island which needs shingling and some repairs, so that

it can be used for storing part of the hay cut on the island.

Again we report that we have been able to retain the services of Mr. and Mrs. H. C. Phillips as Superintendent and Matron the past year and the same assistants as last year. We feel each and all have been well qualified and faithful in performing the duties that pertained to their positions.

Again in closing our report for another year, we acknowledge our appreciation of the courtesy shown us by the citizens of Grafton County and their hearty co-operation which has been the means of making many improvements on farm for comfort and convenience of all connected with the institution.

All of which is respectfully submitted.

J. F. HUCKINS,
H. F. HOYT,
GEO. H. TURNER.

Total net cost of supporting paupers at farm

for year ending Dec. 31, 1899 \$8,212 14

In accordance with Chapter 30, Section 1, Public Statutes, the Superintendent of the County Farm shall make up his report to January 1, annually and also Section 2 of said chapter requires that the Superintendent's report shall contain, in addition, a list of paupers actually supported at the farm, and the number of weeks each was so supported, also a statement of the average cost per week for each pauper, with an explanation of the basis upon which said calculations were made.

The whole number of persons supported and partially supported for the year ending Dec. 31, 1899, was (147) one hundred and forty-seven.

The number of weeks' board is ascertained by taking the number of days between the day of admittance and day of departure of each individual and dividing that number by seven, which gives the number of weeks each individual has been so supported.

The whole cost of supporting paupers at the farm for the year ending Dec. 31, 1899, is \$8,212.14 and this sum divided by the whole number of weeks' board furnished, viz., 6,177 gives \$1.33 as the price per week.

Respectfully submitted,

HENRY C. PHILLIPS, Superintendent.

We, the undersigned, hereby certify that we have examined the foregoing account of the Superintendent of the County Farm for the County of Grafton for the year ending Dec. 31, 1899, and find the same to be properly vouched and correctly cast.

CHAPLAIN'S REPORT

To the Commissioners of Grafton County:

The law of Christian service is the law of mutual helpfulness. "Bear ye one another's burdens, and so fulfil the law of Christ," is the teaching of the Apostle. And Jesus himself said, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

To minister to the bodies and souls of men is surely a blessed way of serving the Lord, for the blessing falls upon both the giver and the receiver.

The Chaplain can do little more than to report that services have been held each alternate sabbath, as has been the custom heretofore. Those of the inmates who have attended these services have been attentive and seemingly interested. It is hoped that some have been comforted and helped by these services.

One has been baptized during the year. One funeral service has been held.

Through the courtesy of the Superintendent and his wife, the Chaplain and wife have had the privilege of visiting many of the inmates in their rooms. We have found them well cared for, and as cheerful as could be expected.

Respectfully submitted,

C. E. EATON.

PHYSICIAN'S REPORT

To the Honorable Board of Commissioners for Grafton County:

I hereby submit my report of the medical department of the Grafton County almshouse.

There has been very little sickness among the inmates during the past year. Certainly no more than among the same number of people of a corresponding age and condition outside.

I have been called upon to perform three amputations, one of the leg and two of part of the foot, all for frost bite.

That the inmates are well cared for both in health and sickness the small death rate will attest.

There has been two births during the year. Permit me in closing to thank you for the honor conferred and confidence reposed in me.

Appended is a detailed record of the deaths during the year.

SOLICITORS' REPORTS

The following report from Jan. 1, 1899, to the expiration of my term of office Mar. 31, 1899, is respectfully submitted.

There were no civil actions pending in which the county is a party. There were pending upon the State docket at the beginning of the year four actions, to which four were added at the March term when indictments were found for the following offences:

Unlawfully killing deer	I
Obstructing an officer	I
Larceny	2

At the expiration of my term of office Mar. 31, 1899, two actions were pending upon the State docket.

GEO. H. ADAMS, Solicitor.

Plymouth, N. H., Jan. 1, 1900.

Upon assuming the duties of County Solicitor, April 1, 1899, there were no civil cases pending against the county and none have been added to the docket since. I found one criminal case on the docket which was disposed of at the May term.

Thirty-six indictments have been returned of which twenty were found at the October term at Lebanon, and sixteen at the November term at Plymouth. They were as follows:

Assault with intent to kill	1
Aggravated assault	1
Breaking and entering and committing larceny	2
Larceny	6
Forgery	1
Issuing forged check	1
Obtaining money under false pretenses	1
Abusing female child under sixteen	1
Bigamy	1
Incest	1
Adultery	2
Fornication	1
Perjury	1
Violation of Fish and Game Laws	1
Violation of Liquor Laws	9
Resisting an officer	1
Cruelty to animals	2
Malicious mischief	3
	—
	36

So far as the respondents have been apprehended these cases have all been disposed of but four.

I, as Solicitor, have personally attended the prosecution of a number of cases before Justice and Police Courts, including cases for the violation of the liquor laws which do not appear in the cases mentioned in this report.

The last session of the Legislature made the October term at Lebanon a Grand Jury term. As all criminal cases coming before justice and police courts in which respondents are required to answer further, are returnable at the next Grand Jury term, cases from the Eastern Judicial District were taken to the October term, notwithstanding the fact that a Grand Jury was to be called at Plymouth less than a month later. As these terms come so near to-

gether, considerable expense could be avoided by making cases arising in the Eastern Judicial District, between the third Tuesday of March and the third Tuesday of October, returnable at the November term at Plymouth. Legislation should be secured on this point.

Respectfully submitted,

GEORGE F. MORRIS, Solicitor.

AUDITORS' REPORT

We have carefully examined the accounts of the County Treasurer, Commissioner and Superintendent of the County Farm, have inspected every order and receipt, verified every computation and find them correctly cast and properly vouched.

Two bonds of \$500 each, Nos. 19 and 20, and two bonds of \$1,000 each, Nos. 14 and 15, and coupons to the amount of \$720, reported by the Treasurer as paid, were cancelled and destroyed in the presence of the Auditors and County Commissioners.

In a former report we commended the work of the County Commissioners and of the Superintendent of the County Farm and his wife, and we are glad to be able to state now that this favorable opinion has been confirmed and that we believe that the affairs of the County are well and prudently managed.

To the Grafton County Convention:

Gentlemen: At a Grafton County Convention called on the 18th day of March, 1897, at 1 o'clock p. m., a resolution was passed authorizing the Register of Deeds to re-index the records in his office in such a form as should be approved by a committee chosen by said Convention and appropriated \$1,000 towards the said work. In accordance with this resolution I commenced the work of re-indexing the records in my office on Oct. 4, 1897, in such a form as was approved and recommended by the committee as aforesaid.

In this work I used 187,500 cards, each one of which had to be handled in assorting seven times before they could be placed upon the indexes and this covered only a period of twenty years. I make this statement only to give some idea of the amount of work that had to be done.

I have completed the indexes with the exception of drawing off the grantee cards upon the books.

Amount expended by me for labor and stock	\$1,016 73
Estimated cost of drawing the grantee cards onto sheets and binding the same	127 00

	\$1,143 73
Stock on hand	41 00

Total amount expended and estimated addi- tional cost	\$1,102 73

This amount can be reduced somewhat I think in completing the work, providing the Convention should think best to appropriate money for the same. I received, as an average, \$14.30 per month for my work as will be shown by my receipts to the County Commissioners. I estimate the cost to re-index our records from 1840 to 1900, less twenty years already indexed, at about \$2,000.

It is quite difficult to make an estimate of the cost of re-indexing the old records from 1773 to 1840, as they were all written forms and will vary from 300 to 700 pages per book, but think they will cost considerably more, say \$2,500, to finish these 180 books. At a meeting of the Registers of the State held at Concord in 1897 I had an opportunity to inquire in regard to the system of indexing used throughout the State. I have also had opportunity since that time to visit many of the offices, and I have no hesitation in saying that, in my judgment, the system adopted by your committee is much better than any thing else in the State. It combines the good points of the several offices, and to it are added some things that are not in any other office,

with the result that we now have a system in this County that stands second to none other in my judgment.

One thing in particular which I will mention is, that I went into the Probate office and examined every will recorded there between the years 1870 and 1890, and in every case where real estate was conveyed by will it will show in our index, at no other office in this State can this be found. This did not increase the cost of the indexes to any great extent as compared with the benefit that will be derived therefrom.

GEORGE H. KENDALL, Register of Deeds.
Woodsville, N. H., Jan. 23, 1899.

Mr. Remick offered the following resolutions:

Resolved, That the sum of \$2,500 be, and hereby is, appropriated for the purpose of continuing the indexing of the records in the Register of Deeds office, \$1,500 thereof to be raised and expended in 1899 and \$1,000 in 1900, and under the same general direction under which the work has been heretofore conducted, and the County Commissioners and a committee are authorized to purchase a suitable typewriter for the use of the Register in marking the index, if they deem it for the best interests of the County, the same to be paid out of this appropriation.

On motion of Mr. Cruft of Bethlehem, it was voted that Mr. S. B. Page of Woodsville and Henry H. Clark of Franconia be elected a committee to co-operate with the Commissioners in the above resolution. Mr. Remick of Littleton offered the following resolution:

Resolved, That it is the sense of this Convention that in re-indexing the records in the Register of Deeds office, the Register be instructed to examine the records of the Supreme and Probate courts and incorporate the same in the new work, so far as they relate to decrees relating to real estate.

On motion of Mr. Clark of Franconia the following resolution was offered:

Resolved, That the County Commissioners and committee be instructed to inquire into the expediency of placing roller shelves in the vaults of the office of the Register of Deeds, and if they deem it expedient, purchase and place them in position.

Mr. Cruft from Bethlehem took the chair.

Mr. Churchill from Lebanon stated to the Convention in a brief way that it was necessary to remodel their town house at a large expense, to put it in proper condition for the accommodation of offices, court room, etc., asked the Convention for an appropriation to help towards arranging for a suitable court room.

Mr. Remick from Littleton moved a committee, consisting of Mr. Clark from Franconia, Mr. Cruft from Bethlehem, Mr. Bailey from Lyme, Mr. Turner from Wentworth, Mr. French from Bristol, be instructed to visit Lebanon and examine the town house and submit plans and estimates as to the probable cost of remodeling for a court house for the Southern Judicial District and report as soon as possible.

Mr. Remick of Littleton moved to instruct the Commissioners to sell the old jail and give a warranty deed. Mr. Clark from Franconia moved to lay the above motion on the table.

Mr. Remick from Littleton moved to instruct the Commissioners to sell the Anson Clough property in Lyme and the Blake property in Dorchester and turn the proceeds into the treasury.

Mr. Cowen of Lebanon moved to instruct the Commissioners to sell the John Sargent property in Thornton and turn the proceeds into the treasury.

On motion of Mr. Esterbrook from Lebanon moved to adjourn at call of chairman.

FEBRUARY 22, 1899.

The Convention met agreeable to call of chairman, Col. Frank C. Churchill, in the Adjutant General's office at 12.30 p. m. There not being a quorum present the Convention adjourned till 5 o'clock p. m.

At 5 o'clock the Convention was called to order by the chairman, Col. Frank C. Churchill, with a quorum present. Mr. Clark, chairman of the committee to visit Lebanon and investigate the town house as to the advisability of appropriating \$3,000 for remodeling into a court room, reported that they were unanimous in recommending the amount asked, provided the County could do it legally. After a few remarks by Mr. Clark of Franconia, Mr. Cruft of Bethlehem, Mr. Remick of Littleton, the following resolution was unanimously adopted:

Resolved, That for the purpose of providing better accommodations for the Supreme Court held in Lebanon for the Southern Judicial District of the County of Grafton, said County hereby appropriates \$3,000, to be paid to the town of Lebanon by the treasury of said County, upon the order of the County Commissioners, provided said town of Lebanon shall finish off and properly furnish suitable room in the town hall building, so called, in said Lebanon and furnish them to said County for court purposes as long as terms of the Supreme Court are held in said Lebanon, and provided further, that said town shall properly heat and light said court room during the time they are used for court purposes, free of charge to said County, said rooms to be finished and furnished in a manner satisfactory to a committee consisting of the County Commissioners,

Geo. T. Cruft of Bethlehem and Harry M. Turner of Wentworth; providing, further, that said town of Lebanon pass a legal vote accepting said \$3,000 for the purposes and upon the conditions herein mentioned.

Mr. Clark of Franconia moved to authorize the County Commissioners to borrow \$5,000 for the purpose of re-shelving the vaults in the Register of Deeds office and pay the appropriation voted the town of Lebanon toward fixing over the town house for court purposes.

Mr. Remick of Littleton moved to authorize the County Commissioners to sell the old jail and give a warranty deed.

On motion of Mr. Clark of Franconia it was voted to instruct the County Commissioners to reimburse Col. Frank C. Churchill for money expended for plans of the proposed new court room in Lebanon for the benefit of the committee.

The committee then adjourned at the call of the chairman.
